THIRD QUARTERLY REPORT

CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and The Stock Exchange of Hong Kong Limited take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

This report, for which the directors (the “Directors”) of Cool Link (Holdings) Limited (the “Company” and together with its subsidiaries, the “Group”) collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange (the “GEM Listing Rules”) for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that, to the best of their knowledge and belief, the information contained in this report is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this report misleading.

MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW

The Group is principally engaged in food supplies business in Singapore. During the nine months ended 30 September 2018, the Group continued to supply food products to ship chandlers, retailers and customers who are in the food service industry.

For the nine months ended 30 September 2018, the Group recorded a net profit of approximately S\$0.2 million as compared to net loss of approximately S\$1.3 million for the same period in 2017. The Directors are of the view that the increase of net profit during the nine months ended 30 September 2018 was mainly attributable to the non-recurring listing expenses of approximately S\$2.5 million for the nine months ended 30 September 2017. Set aside the listing expenses, the Group's net profit for the nine months ended 30 September 2017 would be approximately S\$1.1 million. Despite the decrease in revenue for the nine months ended 30 September 2018 as compared to the same period in 2017, in view of the latest negotiations with existing and potential new customers, the Directors are of the opinion that there has been no fundamental deterioration in the commercial and operational viability in the Group's business.

OUTLOOK

The shares were listed on GEM on the Listing Date by way of Share Offer. The Directors believe that the listing is strategic to our entrance into the Hong Kong ship supply industry, and will raise the profile and visibility of the Group and strengthen our competitiveness among our competitors, in the hope of leading to an increase in market share. In addition, the Directors also believe that customers and suppliers may prefer to work with listed companies given their reputation, listing status, public financial disclosures and general regulatory supervision by the relevant regulatory bodies. The net proceeds from the Share Offer will provide financial resources to the Group to meet and achieve its business opportunities and strategies which will further strengthen the Group's market position in the food supply industry.

The Group is in the course of negotiations with existing customers and potential new customers, including groups with scalable size of operations, expressing intentions for inviting us to expand the existing supply scope.

FINANCIAL REVIEW

Revenue

The Group's revenue decreased by approximately S\$2.1 million or approximately 9.9% from approximately S\$21.0 million for the nine months ended 30 September 2017 to approximately S\$18.9 million for the nine months ended 30 September 2018. Such decrease was mainly driven by the decrease of revenue from the ship chandlers due to the slowdown of market demand.

Cost of sales

The Group's cost of sales decreased by approximately S\$1.6 million or approximately 10.4% from approximately S\$15.5 million for nine months ended 30 September 2017 to approximately S\$13.9 million for nine months ended 30 September 2018. Such decrease was primarily due to the decrease in the cost of inventories recognised as expenses for the nine months ended 30 September 2018 as compared to the same period in 2017 and was in line with the decrease in revenue.

Gross profit and gross profit margin

The Group's overall gross profit decreased by approximately S\$0.5 million or approximately 8.5% from approximately S\$5.5 million for the nine months ended 30 September 2017 to approximately S\$5.0 million for the nine months ended 30 September 2018. The Group's overall gross profit margin increased from approximately 26.2% for the nine months ended 30 September 2017 to approximately 26.6% for the nine months ended 30 September 2018, which was mainly due to improvements in our product mix that resulted in higher sales of our products with higher gross profit margins.

Selling and distribution costs

The Group's selling and distribution costs increased by approximately S\$0.3 million or approximately 19.7% from approximately S\$1.6 million for the nine months ended 30 September 2017 to approximately S\$1.9 million for the nine months ended 30 September 2018. The increase was primarily due to increase of employee benefit expenses relating to sales and distribution of goods.

Administrative and other operating expenses

The Group's administrative and other operating expenses decreased by approximately S\$2.2 million or approximately 41.9% from approximately S\$5.2 million for the nine months ended 30 September 2017 to approximately S\$3.0 million for the nine months ended 30 September 2018. The decrease was primarily due to the recognition of non-recurring listing expenses for the nine months ended 30 September 2017 amounted to approximately S\$2.5 million.
